

Disapproval for new maps

'Kate Kissane'

Hello,

I have been a resident of IL06 for nearly all my life and I am emailing today to voice my disapproval for the maps. I am particularly concerned since the new district that was made by combining two progressive voices that IL needs (Newman and Casten) was not something Rep Garcia approved of either. This is very concerning to me as the new district aimed to give Latinx Illinoisans more of a voice does not even accomplish that goal. Although, I agree that there should be fair representation of Illinoisans I do not believe this map accomplishes the goals that it was trying to. Loosing either Rep Newman or Rep Casten would be an incredible loss that we cannot afford with the 2022 midterms coming up.

Sincerely,

Kate Kissane

Resident of Glen Ellyn, IL
